INCORPORATED SOCIETIES

As you may have heard on the news, there are changes coming to the Incorporated Societies legislation. The NZPA Executive are consulting with a lawyer to ensure that we are able to meet all the new requirements

We strongly recommend that all affiliated associations go onto the Incorporated Societies website and register themselves. All associations will be required to complete an annual return. By doing this it means that you will come under the umbrella of NZPA and their status. This will become essential as we look to apply for funding to host a World event in 2029.

You can go to the following website for more information. Please **contact your local executive member** and they will help you register online.

We have had a request from someone with an interest in training up a steer to plough with. Does anyone know where they can purchase a suitable plough for this? They are based near Oamaru.

Four Mid Canterbury Ploughing Associations have joined forces to get a banner made explaining what the judges are looking for at ploughing matches, including points allocation etc. This will be erected at all their matches. Juice Signs and Design, ph 03 3071900, in Ashburton have the template on file so could reproduce it for any other associations interested. Just would need to change the association names on it. It measures 2100mm x 1270mm and is printed on tough vinyl type material.
